July 24, 2012, Bangalore: Strides Arcolab Limited today announced that Proparco, a French Development Financing Institution, has invested USD 12.50 Million in the form of equity participation for a 20% stake in Strides' African front-end arm, valuing the African operations at about USD 60 Million.

The proceeds will be used to create additional manufacturing infrastructure in key markets in Africa and to build a regional Company with the philosophy of "In Africa for Africa".

Strides has been present in Africa and contributing to the improvement of healthcare by manufacturing and marketing a wide range of lifesaving antibiotics, lifestyle disease related curatives and nutrition/ relief providing formulations.

Sinhue Noronha – CEO, Africa Operations in a statement said: "Africa is the most attractive business opportunity of tomorrow and this partnership with Proparco further strengthens our commitment to providing quality and timely medication to Africans. Creation of additional manufacturing infrastructure will also provide large employment opportunities and economic growth to all associated with the Strides' African Business and reinforces our belief that Life is Most Precious"

About Strides Africa

Strides has strategically organised its front-end African business into a Strategic Business Unit. It has grown from a sale of USD 10 Million to USD 27 Million in the last four years, with a team of over 200 dedicated people, a portfolio of over 700 product registrations and 5 subsidiaries. The business operates in the Branded generics and OTC generic segments and has foot prints in 23 Sub-Saharan African countries, excluding South Africa. Its first African manufacturing plant is located at Lagos Nigeria and is in operation for the last 4 years.
