STATEMENT OF CONSOLIDATED UNAUDITED RESULTS

FOR THE QUARTER ENDED JUNE 30, 2018

7 During the quarter ended June 30, 2018, 40,000 equity shares under the Strides Arcolab ESOP 2011 Scheme and 8,878 equity shares under Strides Shasun ESOP 2015 Scheme were allotted by the Company, on exercising equal number of options.

8 The Group's operations for the current and previous year relate only to the "Pharmaceutical business" and accordingly no separate disclosure for business segments is being provided.

9 On December 4, 2013, the Company and its wholly owned subsidiary, Strides Pharma Asia Pte Limited ("the Singapore Subsidiary"), completed the sale of investments in Agila Specialties Private Limited and Agila Specialties Global Pte Limited (together, "Agila") to Mylan Laboratories Limited and Mylan Institutional Inc. (together, "Mylan") pursuant to separate agreements, each dated as of February 27, 2013 (the "SPAs"). Pursuant to the SPAs, the Strides Group established escrow arrangements to fund certain potential indemnification liabilities, including specified employee, tax and regulatory remediation costs from such consideration. These escrow arrangements included a US\$ 100 million 'General Claims Escrow' account and a US\$ 100 million 'Regulatory Escrow' account. Pursuant to the SPAs, the Company has also provided a corporate guarantee to Mylan for US\$ 200 million (valid up to December 4, 2020) on behalf of Singapore Subsidiary which can be used for discharging financial obligations, if any, of the Singapore Subsidiary to Mylan.

Under the terms of the SPAs, claims against the Company / the Singapore subsidiary (as the case may be) can only be made under specific provisions contained in the SPAs which include the procedures and timelines for submission of notifications of claims and actual claims and commencing arbitration proceedings. The Company had received a consolidated notification of claims from Mylan under the terms of the SPAs. These claims were related to third party claims, tax claims, claims against the regulatory escrows and general claims. In the previous years, a significant portion of these claims were settled out of the Regulatory Escrow deposit. Further, the Company and Mylan also agreed on full and final settlement of warranty and indemnity claims to be adjusted against the 'General Claims Escrow'.

In view of the nature of the pending third party claims some of which are in arbitration currently, it is often difficult to predict with accuracy the outcome of such matters. The Company believes that the third party claims have been effectively defended by the Company.

Considering the terms of the SPAs, the nature of the pending claims some of which are in arbitration currently and the balance available in the General Claims Escrow account, the Company believes that any further outflow of resources is not probable.

10 The Group has adopted Ind AS 115, Revenue from Contracts with Customers with effect from April 1, 2018. The core principle of this standard is that the Group shall recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Under Ind AS 115, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer which is different from transfer of risk and rewards under the old revenue standard.

Further, pursuant to the requirements of the new standard, the Group also evaluated its open arrangements on out-licensing arrangements with reference to upfront license fees received in earlier periods and concluded that some of the performance obligations may not be distinct and hence would need to be bundled with the subsequent continuing obligations. Accordingly, the Group has recognised an incremental deferred revenue relating to such open contracts.

Adoption of this standard resulted in an increase in Revenue from Operations by Rs.3,578 lakhs with a corresponding increase in expenses by Rs. 2,882 lakhs (primarily on account of increased material costs) resulting in a net increase in profit for the period by Rs.627 lakhs for the quarter ended June 30, 2018 and an decrease in EPS loss by Rs. 0.70. Comparative periods were not restated given the Group adopted the standard using the cumulative effect approach.
