Oppn leaders write to PM, seek free mass vaccination

PRESS TRUST OF INDIA
New Delhi, 12 May

Leaders of 12 opposition parties Wednesday wrote to Prime Minister Narendra Modi, seeking a free mass vaccination campaign against Covid-19, and a suspension of the Central Vista project and divert the money to aid the fight against coronavirus.

Claiming that the Covid-19 pandemic has turned into an "apocalyptic human tragedy" in the country, the opposition leaders, including Congress president Sonia Gandhi and some chief ministers, also demanded the Centre provide food grains to the needy, and give ₹6,000 per month to all the jobless people.

In their joint letter in which they make nine suggestions to the government, the leaders have also demanded a repeal of the three Central farm laws which, they claimed, will help protect lakhs of 'annadatas' (food-growers) from becoming the victims of pandemic.

A large number of farmers are sitting in protest at three borders of Delhi, seeking the farm laws passed by

Constitutional violation to not call GST Council meet, says Mitra

West Bengal Finance Minister Amit Mitra on Wednesday flagged the issue of "alarming" GST compensation shortfall due to the second Covid wave and urged his Union counterpart Nirmala Sitharaman to convene a GST Council meeting at the earliest, saying it was a constitutional violation to not hold the meeting for over six months. Mitra said the goods and services tax (GST) compensation shortfall was expected to be much higher than the ₹1.56 trillion estimated last year, indicating the need to rework the shortfall estimation and borrowing requirement. In a letter to Sitharaman on Wednesday, Mitra called it "undoubtedly deeply distressing".

ernment has either ignored or refused all these suggestions. This only compounded the situation to reach such an apocalyptic human tragedy," he said. Without going into all the "acts of commission and omission" by the Central government that have brought the country to such a "tragic pass", the opposition leaders demanded that the new measures suggested by them must be undertaken on a war footing.

"Procure vaccines centrally from all available sources - global and domestic. Immediately begin a free, universal mass vaccination campaign across the country. Invoke compulsory licensing to expand domestic vaccine production. Spend budgetary allocation of Rs 35,000 crores for the vaccines," the leaders said in their letter. "Stop Central Vista construction. Use the allocated money for procuring oxygen and vaccines, instead. Release all money held in the unaccounted private trust fund, PM Cares to buy more vaccines, Oxygen and medical equipment required," they also told the prime minister.

Parliament in September last year be scrapped.

Apart from Congress president Gandhi, the signatories include former prime minister and JDS leader H D Deve Gowda, NCP supremo Sharad Pawar, chief ministers Uddhav Thackeray (Shiv Sena), Mamata Banerjee (TMC), MK Stalin (DMK), and Hemant Soren (JMM).

Former chief ministers Farooq Abdullah (NC) and Akhilesh Yadav (SP) have also

signed the letter, alongside Tejashwi Yadav (RJD), D Raja (CPI) and Sitaram Yechury (CPI-M). The leaders have said the Covid-19 pandemic has assumed unprecedented dimensions of a human catastrophe in the country. They noted that they have in the past also suggested to the government the measures they believed were "absolutely imperative" for the Centre to implement to arrest the situation. "Unfortunately, your gov-

IIP shoots...

She added the continuing elevated fresh Covid-19 infections posed substantive risks to the outlook for consumer sentiment and economic activity in several Indian states.

There is a distinct downside bias to our forecast of a 20-25 per cent GDP expansion in Q1 FY22," added Nayar.

The cumulative contraction in the index of industrial production during April-March (2020-21) was 8.6 per cent, compared to de-growth of 0.8 per cent during the same period a year earlier, indicating that growth was tepid even before lockdown started last year. Comparing the IIP for March 2021 with March 2019 reveals a marginal contraction of 0.5 per cent.

There are signs of de-industrialisation with output falling in two successive years," said Madan Sabnavis, chief economist at CARE Ratings.

Manufacturing sector output, which accounts for more than 75 per cent of the index, saw growth of 25.8 per cent in March from 2.1 per cent growth in February and a contraction of 22.8 per cent a year ago. Similarly, mining, which accounts for over 14 per cent of the index, grew 6.1 per cent as compared to a 4.3 per cent contraction in February and a 1.3 per cent decline last year.

Growth in electricity generation stood at 22.5 per cent in March, as compared to a contraction of 8.2 per cent in the same month last year.

Consumer durables output witnessed the sharpest expansion of 54.9 per cent in March, from (-) 36.8 per cent last year, mainly due to low base. Capital goods output, which reflects private sector investment, grew 41.9 per cent in comparison to a (-) 38.8 per cent fall last year.

Food inflation eased to 2.02 per cent compared to 4.87 per cent in March. Rural areas witnessed higher inflation at 9.57 per cent, while cities saw 9.10 per cent inflation in food.

The Reserve Bank of India has projected an inflation rate of 5.2 per cent for the first half of the current fiscal year.

The prices of vegetables declined by 14.18 per cent in April against a 4.83 per cent fall in March. Prices of cereals fell 2.87 per cent from a 0.69 per cent decline in March.

Fruit saw its inflation rate rising to 9.81 per cent in April from 7.86 per cent in the previous month.

Meat and fish saw the rate rising to 16.68 per cent in April from 15.09 per cent in March. On the other hand, eggs saw the rate declining marginally to 10.55 per cent 10.60 per cent in March.

Vardhan...

There's a decline of 11,122 cases from the previous active case load. Around 348,000 new cases were registered as on Wednesday morning against 3,55,338 single-day recoveries. "We have to keep up this pace with renewed and stringent focus on containment measures for addressing the present surge. Stringent adherence to implementation of micro-containment zones has helped," the health minister said.

Vardhan said the government had supported states by providing them PPE kits, drugs such as Remdesivir, N95 masks and ventilators. "We will continue to do this. We are with you in your needs. Make sure these things get utilised well," he said while praising the states for their dedication and patience in their fight against the pandemic.

Opportunity...

In FY21 till February, India's net foreign direct investment (FDI) inflow was \$41 billion, and foreign portfolio investment (FPI) \$36 billion. Despite \$104 billion of durable foreign currency inflows, the dollar weakened by just 2 per cent against the

rupee in nominal terms, from 75.30 in March 2020 to 73.90 in February 2021. This is even when the global dollar index, which measures the greenback's strength against other major currencies, dropped by 8.2 per cent from 99 to 90.9.

Therefore, the rupee has the scope to depreciate, especially as there is a huge carry trade in the offshore market.

"With significant open positions in the USD-INR carry trade, a vibrant non-deliverable forward market with big players and a high forward premium... if due to any event, the positions are unwound, it can put significant depreciating pressure on the rupee, thus impacting inflation adversely," wrote Soumya Kanti Ghosh, chief economic advisor to the SBI group, in a report.

Importers don't want to get caught even as some of this is getting materialised now.

"Importers are rushing to cover their positions for the next two months," said Abhishek Goenka, managing director of IFA Global.

"The Cairn issue is back (leading to some volatility in the markets). Premiums are turning elevated and the Reserve Bank of India is active in the forwards markets through sell-buy swaps to cool the rates. The rupee would be ideally back to 74.50 a dollar level in the near term," said Goenka.

The rupee was trading at 73.44 on Wednesday, down from its previous close of 73.34, indicating a depreciating bias.

Public sector banks could likely be absorbing inflows, i.e. buying spot and pushing the purchases forward. The one-year forward yield has risen to 5.30 per cent, approaching within striking distance of recent highs of around 5.40 per cent," said Goenka.

The rise in forwards could indicate higher hedging.

FMCG...

If e-commerce sales are excluded, the sector growth stood at 9.3 per cent in the March quarter, 7.1 per cent in the December quarter, and 0.8 per cent in the September quarter.

"As far as the January-March 2021 period is concerned, then the FMCG market has seen growth for the third straight quarter. However, the spread of Covid-19, especially into rural areas, is a key monitorable. If the virus spreads drastically into rural areas, it will have an impact on the FMCG market," Diptanshu Ray, NielsenIQ South Asia lead, said.

This concern has also been flagged by Hindustan Unilever (HUL), the country's largest consumer goods company. In an interview to Business Standard last week, HUL Chairman and MD Sanjiv Mehta said the spread of Covid into rural areas would impact economic
